Put them in vibrant locations near the hub of Canada's finest urban culture. Mix together. Now consider how the possibilities for adventure — on and off campus — become large indeed.

### CLUBS: GET CONNECTED

Join one of over 50 official clubs organized by the Sheridan Student Union — or start your own. From interior design fans to dance lovers, ping-pongers to LGBTQ+ pride, there's lots of choice here to get you engaged and meeting new friends. Get involved or get informed at the Sheridan Student Union's website, [sheridanstudentunion.com](http://sheridanstudentunion.com)

## Domee Shi

**HONOURS BACHELOR OF ANIMATION (2011),  
FACULTY OF ANIMATION, ARTS & DESIGN**

Domee Shi's bite-sized hero took her straight to the Academy Awards, where she landed an Oscar for Best Animated Short and earned a place in filmmaking history.

*Bao*, which was partially inspired by Shi's own mother, tells the story of an aging Chinese woman who gets another chance at motherhood when one of her dumplings springs to life. Shi, who was born in China and moved to Toronto with her family when she was two, is notably the first female director to helm a Pixar short film. *Bao* earned Shi her first Oscar in February 2019 in the Best Animated Short Film category.

The word "bao" can mean "steamed bun" or "something precious,"

depending on its pronunciation.

"Growing up as an only child to my Chinese parents, ever since I was little my mom would treat me like her own precious dumpling, making sure I didn't wander off or get into trouble," she explains.

Shi first applied to Pixar's internship program during her third year at Sheridan. After being rejected, she was inspired to work harder and add more depth to her portfolio, leading her to be accepted to the internship the

following year. She was hired by Pixar shortly after, and has since worked on features including *Inside Out*, *The Good Dinosaur*, *Toy Story 4* and *Incredibles 2*. She is currently developing a feature film at Pixar.

"I really felt like I found my tribe in the Animation program...We would motivate each other, we would inspire each other, we would share movies and techniques...we would push each other to do better."

# English as a Second Language (ESL)

Sheridan offers full-time, intensive English as a Second Language (ESL) classes for students who want to improve their English skills. The program features:

- Five levels of instruction: Foundation, Pre-intermediate, Intermediate, Advanced and English for Academic Purposes (EAP). EAP can provide students with a conditional acceptance into a diploma, degree or post-graduate certificate at Sheridan.
- Students will be placed in the appropriate level based on their choice of TOEFL, IELTS or Sheridan's on-campus placement test.

ESL sessions except for EAP level last seven weeks (25 hours of study/week) and cost \$3,440 CDN. This includes tuition, health insurance and use of the computer lab.

Upon successful completion of all the courses in the English for Academic Purposes program (including a General Education course), students will receive a General Arts and Science Ontario College Certificate. Successful graduates can apply to other programs at Sheridan with no further testing required for the English proficiency requirement if overall GPA is 70% (for certificate and diploma programs) and 75% (for degree or graduate certificate programs). Teaching English to Speakers of Other Languages (TESOL Plus) PTESL and Pharmacy Technician PPHTO are excluded.
